# Chef Bases (Extended Top)

Chef Bases Super Deluxe Series

TCBE-36SDR-E-N6

**Model: TCBE-36SDR-N6** 

# Patented Self-Cleaning Condenser

This product is equipped with a fine mesh filter to the front of the condenser to catch dust, and a rotating brush that moves up and down daily to remove excess buildup outward and away.

# \_\_\_ FEATURES & BENEFITS =\_\_

#### ■ Self-Cleaning Condenser

The accumulation of dust in the condenser can cause the failure or breakdown of refrigerators. Refrigerators run normally until they reach a certain level of accumulation. At some point, when they are over the limit, their performance drops quickly resulting in damage to, or disposal of the stored products inside. The Self-Cleaning Condenser device keeps the condenser clean and prevents system failure by automatically brushing daily.

## ■ Hydrocarbon refrigerants (R-600)

With innovative and eco-friendly technology, Turbo Air brings you hydrocarbon refrigerators designed to meet the new standards of the EPA and DOE in 2017. Hydrocarbon refrigerants do not deplete the ozone layer and have very low contribution to global warming (ODP-0, GWP-3).

# Strong body and durable construction

Built with heavy duty 16 ga. stainless steel, Chef Base top is manufactured of one-piece reinforced stainless steel to ensure durability.

- Digital temperature display on front panel
- Top is insulated to eliminate heat transfer to the interior of cabinet

#### Countertops

TCBE-36SDR-(E)-N6/48/52SDR-N supports up to 788 pounds of equipment. TCBE-72/82SDR-(E)-N supports up to 1,192 pounds of equipment. TCBE-96SDR-(E)-N supports up to 1,435 pounds of equipment.

#### Durable stainless steel drawers

#### ■ Side mount compressor unit

With compressors positioned on the side of the unit, our refrigerators can now be serviced without being moved. Our innovative, front breathing feature also allows this model to be highly efficient in narrow spaces.

# ■ High-density polyurethane insulation

The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.

## Refrigerator holds 33°F ~ 38°F for the best in food preservation

Actual shipping weight may differ due to extra packing materials for product protection.

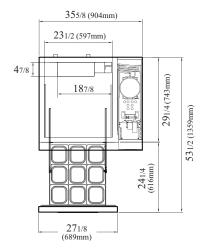

\* Height does not include 6" for caster height.

## 3 Year Parts and Labor Warranty **Additional 2 Year Warranty on Compressor**

- Anti-corrosion coated evaporator
- Countertop supports up to 788lbs of equipment
- Self-contained system
- 5" dia. swivel casters standard
- Legs available (optional)

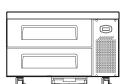

#### ■ OPTIONAL ACCESSORIES:

☐ 6" stainless steel leg: 30221M0600
